Technical info

Decarbonizer Foam

Art.: 04.2114.9999
Aerosol can 500 ml

Decarbonizer Foam is a very powerful industrial foam cleaner and removes combustion/oil residues that have deposited on parts such as burners of central heating systems and parking heaters, intake manifolds, valves of combustion engines, EGR valves and on the outside of the engine block itself. Also effective for removing bioethanol oxidation (green deposits) in the float chamber of carburettors.

Base:	Glycol ethers and surfactants
Density:	± 950 kg/m³
Consistency:	Foam
Solvents:	Glycol ethers and aliphatic hydrocarbons
Flash point:	< 0°C
Pressure (at 20°C):	8 bar
Tests:	Registered by NSF (class A8), register number: 166029
Application conditions:	+5°C to +45°C
Type of surface:	All kinds of surfaces with carbon deposits and oil contamination
Application method:	Shake well before use. Spray Decarbonizer Foam onto the surface to be cleaned, wait until the foam has disappeared and then repeat until all contamination has loosened. If possible rinse with FS Cleaner, Power Clean or water, otherwise wipe off with a cloth. Never allow Decarbonizer Foam to dry on the surface. Do not use on glass and ceramic surfaces that are still warm.
Cleaning of materials used:	With Innotec Multisol
Cleaning of hands:	With Innotec Power Scrubs or with Innotec Safe Hand Clean Plus and water
Shelf life:	1 year in original, unopened packaging
Storage conditions:	Store cool and dry
Type of batchcode:	F
EAN Code:	5400563037515

This technical info sheet replaces all previous versions.

All information is supplied without obligation and based on our knowledge and experience with the product under normal conditions. In practice, the information supplied can in no way replace the tests that need to be performed before first use of the product. only prior testing of the product can prove whether the product is indeed suitable for the intended application (or not). Thus, we cannot accept any responsibility in case our products are not used in compliance with the advices given.
