Product info

Seal Fluid 5 l

Art.: 80.0458.9999
5 l

Seal Fluid is a ready-to-use agent for smoothing elastic sealants. Because of its mild formula Seal Fluid can be used on almost any surface.

Seal Fluid is solvent-free. The product is ready to use and does not require further dilution. Due to its packaging in a 500 ml or 1 litre spray bottle with adjustable atomizer, Seal Fluid is very user-friendly and immediately ready for use. The product is also available in economical 5 litre storage cans from where it can also be applied using the Innotec Bulb Shaped Bottle in combination with the 360° Trigger.

- Simple spray application.
- Mild formula, therefore many possible applications.
- Solvent-free.
